

# 7<sup>th</sup> European Meeting on Chemical Industry and Environment

## Awards EMChIE2015

Best contribution to the topic: "Waste to energy and chemicals".

Award offered by **Bayer Materialscience, S.L.**

**Winner: Dr. Jian Yu.**

University of Hawaii, USA.

Title of the contribution: "Direct Production of Bioplastics and Chemicals from Carbon Dioxide and Solar Energy".

Award delivered by Mr. Jesús Loma-Ossorio, President of Bayer Hispania.

Best contribution to the topic: "Risk analysis and loss prevention".

Award offered by **Dow Chemical Ibérica S.L.**

**Winner: Mr. Roland Eyssette.**

Queen's University, Canada.

Title of the contribution: "Water BLEVE failure characterization with small scale experiment".

Award delivered by Mr. Osvaldo Fuente, Process Safety Technology Leader, Dow Chemical Ibérica S.L.

# 7<sup>th</sup> European Meeting on Chemical Industry and Environment

Best contribution to the topic: "Process intensification and sustainability in chemical engineering".

Award offered by **Lyondellbasell**.

**Winner: Dr. Lionel Dubois.**

University of Mons, Belgium.

Title of the contribution: "Simulations with different process configurations for the CO<sub>2</sub> capture applied to cement flue gases".

Award delivered by Mr. Eduardo Chicote, Manager of Lyondellbasell.

Best Ph.D. student poster.

Award offered by **EMCHIE organisation**.

**Winner: Mr. Pieter Van Aken.**

KU Leuven, Belgium.

Title of the contribution: "The effect of the ozonation process on the toxicity and biodegradability of wastewater containing chlorophenol".

Award delivered by Dr. Joaquim Casal, Universitat Politècnica de Catalunya, founder of EMCHIE series.
