Minutes of the best poster awards

In the meeting of the jury formed by the members present of the scientific committee

Prof. Rigoberto Advincula

Prof. E.J. Goethals

Prof. Cristopher N. Bowman

Prof. Filip Du Prez

Dr. Louis Pilato

Prof. Dennis W. Smith Jr.

Prof. Brigitte Voit

Prof. Yusuf Yagci

Prof. Roberto Williams

Prof. Àngels Serra, acting as the secretary of the committee.

The following scales were agreed to select the best posters.

1. Quality of the work 50%
2. Originality of the work 30%
3. Adequacy to the topic symposium 10%
4. Design of the poster 10%

All the members of the committee gave a maximum of 10 points to the posters and then all the qualifications of each one were added.

The final points obtained by the winners were:

Towards Novel Electroinduced Healing of Benzoxazines, presented by Carolina Gascó Catalán
85 points

High Performance Bio-based Benzoxazines from enzymatic Synthesis of Diphenols, presented by
Leïla Bonnaud, 77 points

Curing Features and Performance of Bisphenol A based Epoxy Resins Modified with
Epoxyphosphazenes, presented by Igor Sirotin 72 points

Effect of Isocyanate Structure on the Vitrimeric Behaviour of Poly(thiourethane) Networks,
presented by Francesco Gamardella 72 points.

Due to the fact that there are two posters with the same points it is decided to give a third award
two both posters ex-aequo.

According to the qualification of the posters and the basis of the awards it has been decided to award:

Mrs. Carolina Gascó Catalán 1st poster award (300 euros)

Mrs. Leïla Bonnaud, 2nd poster award (200 euros)

Mr. Igor Sorotin, 3rd poster award ex-aequo (100 euros)

Mr. Francesco Gamardella 3rd poster award ex-aequo (100 euros)
