# MSEs (Micro and small enterprises) Business Management in Wine tourism

## Ficha Técnica

---

### Dirigido a:

It is aimed at students and professionals who have basic knowledge of business management in the field of wine tourism and who are interested in acquiring specialized skills in the digital management of these businesses. Specifically, this course equips small wineries with the digital tools and knowledge needed to optimize their operations, improve marketing efforts, and thrive in the competitive wine tourism industry through effective digitalization.

Whether for those who wish to complement their previous studies and enter the wine tourism sector or for those who are looking to update their skills, this course offers concise training with practical examples and a results-oriented approach in a field that requires re-skilling.
